

Intensive Mandarin Programme

The Centre for Language Studies (CLS) has relaunched its highly successful Intensive Mandarin Programme in partnership with the Singapore Hokkien Huay Kuan (SHHK) Cultural Academy with effect from July 2014. Both parties have signed a Memorandum of Understanding (MOU) on 24 April 2014 to mark this partnership.

The Intensive Mandarin Programme offers 11-week modules at six different proficiency levels to cater to students' differing learning needs. Each module offers an intensive course with four hours of lessons per day over five days a week, and an examination. Certificates of Proficiency will be awarded by the CLS after the successful completion of each proficiency level, consisting of two modules.
