

Looking for a faster, simpler way to go to schoool?
Totally hate squeezing in bus/mrt and standing alllll the wayyy through the traffic jams?
Could nevrerr evrrr wake up in time for that A.M. lecture?
Prayeddd and wishedd but just couldn't get a webcasted lecture?!
Wellll... A.C.E is for you!! :)

A Cosy Express, aka A.C.E, is a new chartered bus service catered to students staying in the far-far-away east/northeast area. To put it simply, A.C.E provides a cosy and express way to bring these students to school! We are/were in such plight before and we totally understand the hassle of transferring from this bus to this train then to this bus then to the internal shuttle bus but then just to reach the class late again! rrrrrs. Hence, A.C.E was set up to provide students the comfort of being 'chaffeuured' to school!

So why pay more for cab and ERPs?! Take A.C.E! Its just like taking a huge cab to school! :)

Our bus fits a max 45 students and absolutely no standing is alllllowed! That means you get your own seat right from the start to the end! No squeezing, no standing, no swearing! :D you can sleep / drool / read notes / do your work / use laptop comfortably through the journey while A.C.E brings you all the way to school!
The following are the pick up points and we will open up the rest if we have enough demand.
