Welcome to the Stockholm School of Economics

The Stockholm School of Economics (SSE) is a private business school founded in 1909 on the initiative of Swedish business leaders. SSE has a good reputation and in 2011 the Financial Times ranked the SSE Master program number 1 among the Nordic countries and number 17 in the world. All education relies on relevant and current research, and the high quality of SSE’s programs can be maintained because of its collaboration with Swedish and international corporations as well as its dedicated professors and researchers.

To ensure that SSE will continue to attract the best Swedish and foreign students and faculty a new curriculum was introduced in 2007. SSE’s curriculum and degree structure are now compatible with the highly competitive international market for higher education. Further evidence of SSE’s high quality is the School’s EQUIS (European Quality Improvement System) accreditation, which warrants that Degree Programs and research are of top international standard.

SSE works with the international business community as well as highly ranked universities and business schools around the world. Every year SSE welcomes about 150 exchange students, many of whom study within the framework of PIM (Partnership in International Management), a network of business schools from all over the world.

SSE is the only Swedish university in CEMS (The Global Alliance of Management Education), a community of leading business schools and multinational corporations. In 2012 the Financial Times ranked the CEMS Master degree as number 3 in the world. SSE is also the only Nordic representative in ICEDR (International Consortium for Executive Development Research).
Studying at SSE

Semester dates
At SSE the semester is divided into two study periods, each of them concluded by a two-week exam period. For incoming exchange students the semester starts a couple of days earlier with a mandatory introduction to SSE, Stockholm and Sweden.

Preliminary semester dates for the academic year 13/14:

Fall 2013: August 26, 2013 – January 15, 2014
Mandatory Orientation Days for incoming students: August 22-23

Exchange students will have their last written exam before the Christmas Holidays, but in order to complete their exchange studies at SSE they will also be asked to hand in an assignment in January 2014.

Mandatory Orientation Days for incoming students: January 14-15
Period 3: Jan 16 – Mar 26, Period 4: Mar 27 – May 28 (including exam period).

Application deadline
Nomination deadline for our Partner Universities is April 1 for the fall semester 2013 and September 25 for the spring semester 2014.

Courses
Courses within the following fields are offered:
- Management
- Finance
- Economics
- Marketing and Media Management
- Accounting and Financial Management

In addition, courses in Entrepreneurship and Languages will be offered.

Learning expectations
Exchange students study under the same conditions as the Swedish students and they need to be fluent in English to follow the courses at SSE. They are required to take courses corresponding to 30 ECTS; i.e. 15 ECTS per period. In general 15 ECTS per period will require at least 40 hours of study per week (classes included).

Some courses are characterized by traditional teaching, with lectures, written course assignments and seminars. In other courses the teaching is to a great extent based on cases; active participation in class is expected and contributes to the final grade. Many of the courses require substantial preparatory reading.

At SSE the students are grading according to the scale A-F (F=fail). The final grade is based upon written examination, presentations, term papers, individual and group projects, class participation or some combinations of these.

Practical information

Career Services
The SSE Career Services offers career and recruitment information, skills training and placement reports.

Investment Banking, Consumer Products, Management Consulting and other Finance/Banking are the four main areas attracting SSE students. Despite ongoing financial crisis, the SSE students have kept their global perspective and 14% accepted international offers in 2011. The most common destination was Europe.

Student Association
The Student Association at the Stockholm School of Economics (SASSE) is unique in that virtually all SSE students are active in the association at some point during their studies. SASSE offers a wide range of clubs and societies covering a variety of interests. Students at SSE are attractive to companies and organizations in the private and public sectors.

The student association organizes seminars and meetings to build and nurture relations with interested organizations; a career fair is organized every year in January/February, for example, and every week three to four company presentations are arranged on campus. Companies like Boston Consulting Group, Goldman Sachs & Co, McKinsey & Co, Google and Procter & Gamble, just to mention a few, regularly recruit from SSE. The companies can also choose to interview at the School.

The Exchange Committee (EC) is part of the Student Association. Every semester they work hard to help our exchange students to feel welcome and to adjust to the Swedish society. The EC arranges trips, visits to museums and other social activities throughout the semester. One of ECs main tasks is to arrange the student buddy program. Each exchange student is assigned a buddy group, who will assist the student on arrival and also in practical matters during the stay at SSE.

You can find more information about the Student Association at www.sasse.se.
