

Postdoctoral Fellow
Department of Geography, National University of Singapore

The Department of Geography at the National University of Singapore (NUS) invites applications for a Postdoctoral Fellow under a research project **“Sediment and carbon fluxes from glacial retreat and permafrost thawing in Tibet Plateau: A case study of the upper Yellow River basin”**. We are looking for an enthusiastic individual with expertise in sediment fluxes and carbon cycles in aquatic environment such as rivers, lakes and reservoirs. The successful candidate is expected to conduct field work in Tibet Plateau, lab analysis and write-up of journal papers.

A PhD degree in relevant fields is required and field work experience in Tibet Plateau is preferred. The Research Assistant position is initially for one year starting from Jan 1 2018, and renewable for a second year according to performance.

Please submit your complete application (a copy of curriculum vitae, publication list, and contacts of three referees) by email to: Professor Lu Xi Xi (geoluxx@nus.edu.sg). Only short-listed candidates will be notified.

Deadline for application is 5 October 2017 or until the position is filled.
