*Deadline for workshop registration is 8 December

We will prepare the flowers but you may also bring your own if you have any you wish to arrange with. If you do not have a vase, you can bring empty beer bottles. Recommended vase is with small opening.

Ikebana – Japanese flower arrangement – is one of the representative aspects of Japanese traditional culture, and it began with Ikenobo school founded in 15th Century. The history of Ikenobo is therefore, the history of Japanese ikebana.

Ikenobo’s history has encompassed both the traditional and the modern, and the evolution of the two continually interacting has encouraged new development in today’s ikebana. Despite its progresses over 550 years, the spirit of Ikenobo Ikebana has never changed. This is because the spirit of arranging flowers and finding beauty in flowers arise from your heart that values nature and your feelings that care for other people, which is everlasting – past, present and the future.

So, this will be a casual Ikebana class from beginner to advanced, where we hope to simply share our love of flowers.

Master: Mrs. Tamiko Tamura
With 50 years of flower arrangement and 40 years of teaching experiences, Mrs. Tamiko Tamura has been introducing Ikenobo Ikebana internationally. She is a founder of Ikenobo Flower Arranger Indonesia and Surrey Ikenobo Group, UK.
