

4. Honours Thesis

- 4.1 The supervisor should assess the risk level of the student research project and make recommendations to the Department (DERC).
- 4.2 Department's DERC to determine the project risk level and IRB review type.
- 4.3 If the project involves minimal risk or lower than minimal risk, and is not intended for publication, DERC may approve. DERC may also approve projects it decides to exempt from IRB review.
- 4.4 If the project involves more than minimal risk and/or if it is intended for publication, Lecturer should seek IRB exemption or approval on behalf of student.
