Placement Tests for PL1101E and PL2131

The placement tests for students who wish to major in Psychology, but did not obtain at least a grade of B- in PL1101E and/or PL2131, will be held on **19 June 2013 (Wednesday)**. If you have previously taken the placement test(s), you are not allowed to take it again.

There are two tests, but a student must complete only the test corresponding to the module in which he/she did not obtain a minimum grade of B-. The test details are as follows:

**PL1101E**

- **Time:** 10 am – 12 noon
- **Venue:** LT14
- **Format:** Multiple choice questions. Closed book exam.
- **What to read:** Entire book. The complete content of PL1101E will be subject to examination.
- **What to bring:** Pencils and matriculation card

**PL2131**

- **Time:** 2 pm – 4 pm
- **Venue:** LT14
- **Format:** Multiple choice questions. Closed book exam.
- **What to read:** The scope of the PL2131 placement test covers the core contents of this module regardless of who the PL2131 module coordinator was. Statistical results will be presented in the APA format or neutral (non-SPSS) format.
- **What to bring:** Non-programmable calculator, pencils and matriculation card
- **Others:** Statistical table will be provided.

If you had not obtained the required grade(s) in the essential module(s) previously, these placement tests will provide you with your only chance to still pursue major studies in psychology. You have more than 6 months to plan ahead. Thus you should ensure that you keep the day free from all other commitments (e.g., work commitment, going on exchange programmes and/or overseas trips, etc). It is also your responsibility to take note of this important date, thus the department will not be able to accept any reason that claims oversights or ignorance of the placement test date as an excuse for request of make-up test.

Only those students who have registered in advance will be permitted to sit for the placement test(s). **Please be sure to register at** [https://esurvey.nus.edu.sg/efm/se.ashx?s=1CC7023E4727EDDD](https://esurvey.nus.edu.sg/efm/se.ashx?s=1CC7023E4727EDDD) **by 5 pm on 14 June 2013.**

You will be informed of the results of your placement test(s) via e-mail one week following the test(s).
